

Our Lady of Sorrows Catholic School

Protocol for COVID, the Flu and Other Illnesses

We encourage all parents to temperature scan and watch students closely for any signs of potential illness before sending them to school. Students should remain at home if they are exhibiting any symptoms of illness including all or some of the following:

- headache,
- fever,
- cough,
- runny nose/congestion,
- chills,
- loss of taste or smell,
- fatigue and/or
- stomach issues.

Should your child show these symptoms, please contact your pediatrician and/or have your child tested for Covid and/or the flu. **Students should bring a doctor's excuse with the date of return listed.** We appreciate your continued support and as always, please feel free to contact Mrs. Dorn with questions or concerns.
